## What's been happening this week?

In a fascinating presentation from the Born Free Foundation, Year 4 learned all about about tropical rainforests, their climate, their geographic distribution and their importance to both wildlife and humanity. The children heard stories about some of the primates Born Free works to protect, before writing short speeches highlighting why the rainforest is important to them, and how we can all protect primates.

The London Air Ambulance Charity inspired us all in assembly on Wednesday and many of the children came away wanting to be pilots, doctors and paramedics in the future. We have pledged to raise some money for this fantastic service, so watch this space!

Our Travel Ambassadors from Year 5 attended the TfL headquarters in Stratford on Thursday. They planned an Air Quality Day for our school which involved preparing an assembly speech and fact finding. They were chosen out of twenty schools to present their assembly to the conference and did a brilliant job. They loved the journey there on the DLR and spending the day in a professional working environment. Mrs Bannister was very proud of how well they represented Brindishe Lee.
