**Dear parents, carers, families
and colleagues,**

The Big Draw

are needed to see this picture.

October 2010 is Big Draw month in twenty countries and on five continents. Launched in 2000, this annual initiative has grown from 180 events in the UK to over 1500 worldwide. The Campaign aims to use drawing to connect visitors with museum and gallery collections, urban and rural spaces - and the wider community - in new and enjoyable ways.

Every Big Draw season offers unlimited scope for those who love to draw and those who think they can't.

Take a look at what's happening in your area and **join an event**.

More venues are added to the website daily.

Big Draw Day is Saturday 9 October, but events start at the end of September and continue until early November.

In school we will as usual be focussing on drawing as part of the curriculum especially during October.

The Working Pound

Year Six are currently engaged in a year long Enterprise project.

They have borrowed a pound and in small groups are engaged in mini schemes to make that pound grow and increase in profit over the course of the year. The interest will go to charity (to be chosen by the children), the loan will be paid back and the profits will go towards something that the class will decide on at the end of the year. All groups have a 'dragon' business advisor (a member of staff).

The children are taking into account the interest that has to be paid on their loan and learning that school initiatives like healthy eating have to be considered when they are planning making their money grow!
